Defecation and roaming cats on corridors are mostly caused by

- Cat owners who let their pet cats roam
- People who lure cats upstairs by feeding outside their home.

If you know of neighbours who own cats or may be feeding them upstairs, we can assist in speaking to them.

To deter cats from your area, you can apply common household items such as

- Ice-cream sticks in potted plants
- White vinegar
- Crushed mothballs
- Lemon juice
- Medicated oil

If you have any questions about the above, please contact us at info@catwelfare.org.

Kucing yang merayau dan membuang air besar sembarangan kebanyakannya disebabkan oleh

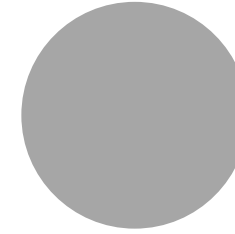

- Pemilik yang membiarkan kucing peliharaan mereka berkeliaran
- Mereka yang memanggil kucing naik ke tingkat atas dengan memberi makanan di luar rumah mereka

Jika anda mengetahui jiran-jiran yang mempunyai kucing atau memberi makan di tingkat atas, kami boleh membantu bercakap dengan mereka.

Untuk mengelakkan kucing liar dari merayau di kawasan anda, anda boleh menggunakan bahan-bahan seperti berikut:

- Meletakkan batang-batang ais krim pada keliling pasu
- Cuka
- Hancurkan kapur barus
- Jus lemon
- Minyak ubatan
